Professional experience

a) Research Grants and Projects

2007-2012 Project Leader of "L3 – Life long learning" project, an initiative of the Autonomous Province of Trento which aims to develop the collaboration platform for its employees (12.000 people), oriented to e-learning

	and collaboration activities.budget 2.500.000€
2011-2012	Project Leader of "RIVELA" project, a project for developing a new information system using semantic technologies in data integration for fiscal investigation (budget 160.000€)
2009-2011	Project Leader on behalf of the Deparment of Computer and management sciences of the University of Trento on the project "TM-SEPROB - Tecnologie e Metodi per la gestione SEmantica dei PROcessi di Business", budget 1.000.000€
2008-2010	Business Development Consultant in semantic technologies for the European Project OKKAM (budget: 5.200.000€)
2007-2009	Project Leader) on behalf of the Autonomous Province of Trento of the project "ESPERTO", – E-learning for e-procurement" project, an initiative of Italian Ministry of Innovation and Technology, which aims to create an e-learning program for instructing public administration users about e-procurement practises and techniques. Grant: Italian Ministry of Innovation and Technology – Budget: about 900.000 Euros
1998-today	Development Team Leader - Project "Comunità Online", first e-learning systems of the University of Trento
2003 – 2006	Senior consultant for topics related to 'E-learning and re-design of training catalogue of ICT courses of the employees of the Autonomous Province of Trento (approx. 5.000 employees involved)
2003 - 2006	Senior consultant for the Department of Computer and Management Sciences of the University of Trento for the Autonomous Province of Trento on ICT tools for management control in public administrations
2003 - 2005	Responsible for the analysis and design in the project REPO - Research Portal – Information System for research activities management – Department of Computer and Management Sciences – University of Trento
2003- 2004	Responsible for the design of ICT-related and e-learning activities in the project SAVE on behalf of the Academy of Trade and Tourism– Trento (Italy)
2003-2004	Project Leader in the development of a new system for mobile learning integrated in the portal for distance learning of the University of Trento
2003 –2004	Project Manager – project for the adoption of e-learning and new ICT technologies in HealthCare Residences, Department of Computer and Management Sciences – University of Trento, on behalf of the Regional Union of Healthcare residences – Trento (Italy)
2002 – 2003	Senior Consultant – INNOVANET EU Project - Roadmap for implementing ICT innovation
2001- 2004	Consultant for the Department of Computer and Management Sciences – University of Trento for the European Project EUNITE, European Network on Intelligent Technologies for Smart Adaptive Systems
2002-2003	Project Leader in the development of a new system for mobile learning integrated in the portal for distance learning of the University of Trento
2000-2003	ICT Project Leader – Project IPSSED (Internationalisation Project for Small Size Enterprise Development), an Adapt initiative that involves five partners (UK – East of England, Germany – Berlino, France – Rouenne, Italy – Friuli Venezia Giulia, Italy – Campania) Grant: EU – Budget: about 1 Million Euros
2000-2001	ICT Project Leader - EURORECRUIT Project (Virtual Europe-wide Recruitment System): the objective is to develop and test a Europe-wide "virtual" recruitment company, by connecting various small and medium-sized recruitment companies from different EU countries in a network through the use of modern IT technologies. The project involved eight European and non-European partners: Portugal – Inegi, Italy – Studio Marchi, Italy – Eife, Italy – University of Trento, Belgium – Kerylos, France – Phuso, Ireland – Newry&Mourne, Poland – FPL Grant: EU – Budget: about 60.000 Euros. The re-financing of the project is under evaluation by the EC, budget 1,2 Million Euros.
1998-2000	ICT Project Leader - DIOGENES project (International telematics network for the dissemination of information, promotion of mobility and assessment of university students), a LEONARDO initiative the involved four different European regions and five partners(Spain – University Of Madrid and Fundación Universidad-Empresa, Portugal- University of Guimares, Greece – University of Thessaloniky, Italy – University of Trento). Grant: EU – Budget: about 450.000 Euros

1997-1999	ICT Project Leader - S.E.N.S.E. project (Supporting Entrepreneurs for a New Strategic Environment, ADAPT IC/0428/A), an ADAPT initiative that involved four different European regions (Germay -Berlin, Scotland –Lanarkshire, France- Essone, Italy – Veneto). Responsible for the design and development of the Web site and the CD for all the partners. Budget: Grant: EU – Budget: about 1 Million Euros
1997-1999	Senior Consultant in the creation of a Decision Support System for Cassa di Risparmio di Trento e Rovereto, bank of the Unicredit group
1997	Senior Consultant – analysis of the workflow of administrative procedures of the Department of Computer and Management Sciences, University of Trento - Italy
1995-1996	Project leader and designer of the new information system for the National park of Paneveggio -Pale di San Martino, carried out by the Department of Computer and Management Sciences, University of Trento – Italy
1994-1996	Project Leader of the team of the University of Trento in the collaboration with Cassa di Risparmio di Trento e Rovereto (bank of UniCredit group) for the outsourcing of the entire information system
1994	Senior Consultant for the Clesius project, a system for the evaluation of financial positions of taxpayers, based on bayesian networks
1993	Analysis and design of an information system for the management of a hypertexual database about telecommunication for the National Research Counsil (CNR- Italy)
1992-1998	Project Leader in the analysis and design fo the new Information System of the Trento University Students Institution, with respective design of the connection with the University of Trento information system
1991-1993	Project Leader in the project for the creation of a new office automation system for the Trentino-South Tirol Region Central administration (approx. 800 employees involved), project carred out in collaboration with the Department of Computer and Management Sciences, University of Trento - Italy
1991	Design and development of an hypertextual system for managing projects for the “School-Workplace meeting point” project, on behalf of the Local government office of Education, Autonomous Province of Trento
1990-1994	Member of the special project financed by the National Research Counsil (Centro Nazionale Ricerche) “Computer Science and parallel processing” for the Department of Computer and Management Sciences – University of Trento
1990-1993	Development Team leader - IBM research initiative HT_Rebes (Study Contract n. 92.01572.pf69) regarding the creation of a hypertextual distance learning tool with generalized management of links and advanced retrieval techniques. Grant: IBM Italy – Budget: about 80.000 Euros
1990-1991	Senior Consultant in the development of the new Information System of the Trentino-South Tyrol Region Authority (approx. 800 workstations)

b) Other (main) Professional Experience

Since May 2012	Responsible for all the Program and Project Management activities of the "Universiade 2013), that will be held in Trentino in December 2013. Universiade is the Olympic games for university athletes, organized by the International University Sports Federation, and involves almost 4.000 athlets from all over the world
May 2012	Senior consultant for the Trentino Regional Parliament for the assignment of the whole web site of the Public Administration
Since Apr. 2007	Project Manager for the “L3 – Life Long Learning” project , financed by the Italian Ministry of Innovation and Technology and by the Autonomous Province of Trento (Budget 2.250.000 €)
Since sept. 2011	Analysis and Design of an Enterprise Project Management solution for project and program management inside Trentino Network Co.
2011	Invited Speaker at the WPC Sharepoint and Office Conference 2011, Milan 19-21 april 2011, with a speech titled “Enterprise Project Management with SharePoint” (http://www.sharepointconference.it/events/2011/speakers.aspx)

2011	Design and realization of multimedia learning material for e-learning training titled “Electronic Certified email and digital signature” for the Chamber of Commerce of Trento, Italy
Since 2000	Scientifical and technical project leader in software developemnt of Project Management tools and applications for multinational corporations, public administrations and private companies (GlaxoSmithKline, Luxottica, Magneti Marelli, Breton, Provincia Autonoma di Trento, Seeber, Solvay, Ingenico, ENAV ….)
Since 2009	Senior consultant COSMAN srl – Trento in the field of cost savings, oriented towards the optimizations of Information Systems costs (Sacmi group, Bologna Airport, Tosoni Group, Coop Estense, Boscolo Hotels, Unicoop, AWE, Generali Assicurazioni)
2009	Senior consultant for the Evaluation Committee for the quality in the Italian Educational System – Autonomous Province of Bozen
2008 - 2011	Senior consultant in the European Project “OKKAM”, as technology watcher (budget progetto: 5.200.000€)
2007 -2009	Project Manager for the “ESPERTO” project , financed by the Italian Ministry of Innovation and Technology (Budget 898.000 €)
2001 – 2006	Senior Consultant for the Autonomous Province of Trento regarding the congruity evaluation of new information Systems developed inside the Electronic Provincial Information System (SIEP)
Since 2000	Project Leader and senion consultant for software development projects in the field of Enterprise Project Management, for italian and international companies (GlaxoSmithKline, Luxottica, Magneti Marelli, Breton, Autonomous Province of Trento, DieBold, Unicredit, Seeber, ….)
Since 1999	Project Leader at the Faculty of Economics of the University of Trento, for the project “Online Communities”, creation of an e-learning portal for educational institutions
Since 1998	Responsible of the development team of the Laboratory of Maieutics of the University of Trento (Italy) (development of research and experimental prototypes on distance learning)
2003 – 2006	Consultant for the Department of Computer and Management Science of the University of Trento regarging computer tools and techniques for Management Control in the Public Bodies
2003 - 2005	Project leader for the Autonomous Province of Trento for e-learning management and redesign of the training courses catalogue (about 5.000 persons involved in the courses)
2003 – 2005	Senior Consultant –REPO Project - Research Portal – Information System for managing research activities – Department of Computer and Management Sciences – University di Trento
2001 –2006	Senior Consultant for the Autonomous Province of Trento - evaluation of economic congruity of new information systems and ICT projects
1999 – 2005	Senior Consultant for the Autonomous Province of Trento on the creation of the new Budget Information System (the system will manage a budget of about 3400 Millions Euros)
2004 –2004	Senior Consultant - Modernisation of the network of the Council of the Autonomous Province of Trento
2003- 2004	Responsible for ICT area of the SAVE project on behalf of Academy of Trade and Tourism – Trento
2003-2004	Senior Consultant for the Autonomous Province of Trento on the migration of workstations from Windows NT to Windows XP (about 4.000 clients)
2003	Senior Consultant for the Autonomous Province of Trento about the evaluation of the executive plan for the new mobility and public transportation system
2003	Senior Consultant for the Department of Computer and Management Science of the University of Trento (Italy) on the Business Intelligence system of the Autonomous Province of Trento
2004	Senior Consultant - Modernisation of the network of the Council of the Autonomous Province of Trento
2003 –2004	Project Manager for the Distance Education project of the Institution for Coordination of Public Charitable Institution, Trento (Italy)
2002 – 2003	Project Leader in the development of a new system for mobile learning, integrated with the portal of distance education of the University of Trento (Italy)
2001 – 2004	Senior Consultant for the Autonomous Province of Trento on financial and technical congruity for new Information Systems developed since 2001 (budget: 2,5 Millions Euros for the period 2001-2003)
2002 –2003	Member of the commission for the European Call for Tender regarding the new mobility and public

	transportation system of the Autonomous Province of Trento (budget: about 10 millions Euros)
2001- 2002	Design and development of an e-commerce experimental site for an advertising agency
2000 – 2002	Project leader for the design and development of the web site and the CD-ROM regarding the IPSSED project, an ADAPT initiative that involves five partners (see section 3)
2000 – 2001	Project leader for the design and development of the technologies related with EURORECRUIT Project. The project involved eight European and non-European partners (see section 3)
2000 –2001	Senior Consultant – Remaking of the Information System regarding motor taxes of the Public Revenue Department of the Autonomous Province of Trento
2000	Senior Consultant - Modernisation of the network of the Council of the Autonomous Province of Trento
1998-2000	Project Leader for the computer-related topics of the DIOGENES project, a LEONARDO initiative the involved four different European regions and five partners (see section 3)
1998-2000	Responsible for the design and implementation of various educational units for the Emilia-Romagna Region in the tourism sector.
1997-1999	Project Leader of the computer-related topics of the S.E.N.S.E. project, an ADAPT initiative that involved four different European regions (see section 3)
1997-1999	Senior Consultant in the project of creation of a Decision Support System for the Cassa di Risparmio di Trento e Rovereto, a bank of the UniCredito Italiano group, the largest banking group in Italy.
1997	Senior Consultant - Analysis of the data flow and administrative procedure of the Department of Computer and Management Science, University of Trento (Italy)
1996 - 2005	Responsible for the Computer-related courses in master degree programs for some italian institutions (CUOA - Vicenza, Academy of Trade and Tourism - Trento, IIASS – Salerno)
1995-1996	Project leader and designer of the new information system for the Natural Park of Paneveggio-Pale di San Martino – Italy
1995-1996	Design and development of an industrial automation package for the remote control of the automated line of aerosol filling machinery, valves and accessories
1995-1996	Project Leader in the University of Trento (Italy) team that followed the outsourcing project of the Cassa di Risparmio di Trento e Rovereto, a bank of the UniCredito Italiano group, the largest banking group in Italy.
1994-1996	Project leader in the Feasibility Study for the new accounting system of the Autonomous Province of Trento (3.400 million Euro balance)
1994	Senior Consultant in the Clesius Project, a system for the evaluation of financial situation of taxpayer using Bayesian networks.
1993-1999	Senior consultant and Project Leader in the design and development of a group of software packages for the management of administrative databases for the Trentino Alto Adige Region
1993	Design and functional analysis of a system for the development of a hypertext on telematics and data banks for the National Council of Research (CNR-Italy)
1992-1998	Project Leader in the design and development of the Information System of the Students Bureau of the University of Trento (Italy) and its connection with the Information System of the University of Trento (Italy)
1991-1993	Project Leader for the creation of the office automation system for the Central Offices of the Trentino Alto Adige Region
1991	Project Leader for the renewal of the administrative-organizational structure of the information system - University of Trento (Italy)
1991	Design and development of a hypertextual system for the management of the “Scuola-Mondo del lavoro” (School – Job Market) projects, funded by the Educational Authority of the Province of Trento
1990-1994	Member of the finalized project of the National Council of Research (CNR-Italy) “Informatics and parallel computing” for the Department of Computer and Management Science, University of Trento (Italy)
1990-1993	Project Leader and software architect in the research project HT_Rebes, sponsored by IBM (see section 3).
1990-1991	Senior Consultant in the project of development of the new information system of the Trentino-Alto Adige (about 800 workstations)

1990-1991	Design and implementation of a software for the recording and analysis of the disorientation phenomenon in hypertextual environment
1990-1991	Design, implementation and management of a Token Ring Local Area Network on IBM Lan Server by the laboratories of the University Distance Consortium of the University of Trento (Italy)
1990	Design and development of a management procedure for the sales force of pharmaceutical companies
1990	Design and development of a hypertext regarding the themes of Computer Supported Cooperative Works (CSCW), for the Department of Computer and Management Science of the University of Trento (Italy)
1989-1990	Design and development of a statistical package for the management of sales, the analysis of relative trends and the productivity of the sales force
1989	Design and development of a conversion package from IBM/36 to PC
1988-1989	Senior Consultant for FFB Electronics (Scotland, UK) for the creation of an Information Retrieval system. Analysis and Design of indexing algorithms for the Information Retrieval Engine. Responsible of the development team for the core procedure of the indexing module in C language.
1987	Design a development of a procedure for the complete automation of an estate agency
1987	Design and development of a procedure for business management of an import/export company
Since 1987	Consultant for various italian SMEs on Information system design and/or remaking
1986	Consultant for some local independent TV and Radio stations in analysing and creating palimpsest automation procedures
Since 1985	Teacher in refresher courses on innovative topics for italian High School teachers and headmasters
1984-1986	Development of invoicing procedures for Personal Computer and porting into UNIX environment
Since 1984	Courses on different computer science topics in different italian companies (400 hours/year on average): see Section 2 for details
1983	Design and Development of an accounting procedure for Apple system (in BASIC)
1982-1985	Design and development of a warehousing procedures for Apple (BASIC)computers, IBM (COBOL) and Sperry (Cobol Unix) minicomputers
1980-1982	Design and development of an accounting procedure for the warehouse of Italian Railways (FFSS) on Hewlett Packard 3000 series, developed in Fortran for Siemens Data S.p.A.
Since 1980	Development of various Information Systems for Italian SMEs in the industrial and tertiary sectors, from database design to implementation in different 3rd and 4th generation languages (Basic, C, Cobol, Fortran, Pascal, Clipper; Smalltalk, Delphi, Openscript, Visual Basic, T-SQL, Html+Asp, Asp.Net, Vb.Net, C#)

Teaching experience

2012	• Contract Professor for the course “Information Systems and ICTs” (6 credits– in English) at the Faculty of Economics - University di Trento, European Master in Business Studies, 2012-2013 • Contract Professor for the course “Business Information Systems” (4 credits– in Italian) at the Faculty of Economics - University di Trento, 2011-2012 • Visiting professor - AboAcademi – Turku (Finland) course “Project Management theories and techniques” (3 credits – in English) 2011 / 2012 • Contract Professor for the course “Computer Science for Communication Sciences” (6 credits – in English), at the Faculty of Education of the Free University of Bozen, 2011-2012 • Contract Professor for the course “Information systems and data management” (6 credits – in English), at the Faculty of Economics of the Free University of Bozen, 2011-2012 • Course “New Digital Code Act and web site for Public Bodies” by the Trento Consortium of Municipalities, Mar-May 2012 (12hours) • Course “Project Management Advanced Techniques”, Trentino Engineers Association, may 2012 (24 hours) • Course “Project Management Theories and Techniques”, Ingenico-Milan, Mar 2012 (16 hours) • Course “Project Management Theories and Techniques”, Trentino Network -Trento, mar 2012 (16 hours)

	• Course "Project Management and Leadership", may 2012, for referees of the nursing homes of the Autonomous Province of Trento (8h)
2011	• Contract Professor for the course “Information Systems and ICTs” (6 credits– in English) at the Faculty of Economics - University di Trento, European Master in Business Studies, 2011-2012 • Contract Professor for the course “Introduction to Databases” (5 credits – in English) and “Introduction to Databases – LAB”(3 credits, in English), at the Faculty of Education of the Free University of Bozen, 2011-2012 • Contract Professor for the course “Computer Science for Communication Sciences” (5 credits – in English) and “Computer Science for Communication Sciences – LAB”(3 credits, in English), at the Faculty of Education of the Free University of Bozen, 2010-2011 • Contract Professor for the course “Information Systems and Data management” (5 credits – in English) at the Faculty of Economics of the Free University of Bozen, 2011-2012 • Contract Professor for the course “Internet Technologies – LAB”(3 credits, in English), at the Faculty of Education of the Free University of Bozen, 2011-2012 • Visiting professor - AboAcademi – Turku (Finland) course “Project Management theories and techniques for ICT” (3 credits – in English) 2010 / 2011 • Contract Professor for the course “ICT applications” (5 credits – in italian) at the Faculty of Economics - University di Trento, Master Degree in NET-Economy, 2010-2011 • Course “Dematerialization of documents”, Master in Law and Management of Public Administrations, Trento School of Management, May 2011 (16hours) • Course “New Digital Code Act and web site for Public Bodies” by the Trento Consortium of Municipalities, May - June 2011 (16hours) • Course “Project Management” in the master “Middle Management”, 9th Edition, for bank managers of the Rural cooperative Banks of Trentino, nov. 2011 (2 days)
2010	• Visiting professor - AboAcademi – Turku (Finland) course “Project Management theories and techniques for ICT” (3 credits– in English) 2009 / 2010 • Contract Professor for the course “Information Systems” (6 credits) at the Faculty of Engineering of the University of Trento, 2009-2010 • Contract Professor for the course “ICT applications” (5 credits- in Italian) at the Faculty of Economics - University di Trento, Master Degree in NET-Economy, 2009-2010 • Contract Professor for the course “Human-Computer Interaction” (5 credits – in English) at the Faculty of Economics - University di Trento, Master Degree in NET-Economy, 2010-2011 • Contract Professor for the course “Information Systems and ICTs” (6 credits– in English) at the Faculty of Economics - University di Trento, EUROPEAN Master in Business Studies, 2010-2011 • Contract Professor for the course “Information Systems and Knowledge Management” (5 credits – in English) at the Faculty of Education of the Free University of Bozen, 2010-2011 • Contract Professor for the course “Information Systems and ICT” (5 credits – in English) at the Faculty of Education of the Free University of Bozen, 2010-2011 • Course “Project Management ”, Trento School of Management and Department of Innovation, Research and ICT; Autonomous Province of Trento, June 2010 –december 2010 (4 editions, 160hours) • Course “Risk Management ”, Solvay SIS, Bollate, July 2010 (1 edition, 16 hours) • Course “Web/Enterprise 2.0 - 3.0” Solvay SIS, Bollate, June 2010 (1 edition, 8 hours) • Course “Digital signatures and Certified electronic mail” by the Trento Consortium of Municipalities, June –July 2010 (5 editions – 40hours) • Course “Dematerialization of documents”, Master in Law and Management of Public Administrations, Trento School of Management, June 2010 (16hours) • Course “E-learning and lifelong learning: theories, tecniques and tools” at Struttura Informatica Srl, Bologna, July – August 2010 (60hours) • Course “PME - Project Management for Event management” at the University of Trento – Faculty of Humanities, Trento, 23-30 march 2010

	• Corporate training on Project Management (methodologies and tools) by different multinational corporations, Public administrations and italian companies (Università Cattolica, Luxottica, Breton, Provincia Autonoma di Trento, Girpa)
2009	• Visiting professor - AboAcademi – Turku (Finland) course "Project Management theories and techniques for ICT" (3 credits– in English) 2008 / 2009 • Contract Professor for the course "Information Systems and ICT" (5 credits – in English) at the Faculty of Education of the Free University of Bozen, 2009-2010 • Contract Professor for the course "Information Systems" (6 credits) at the Faculty of Engineering of the University of Trento, 2008-2009 • Contract Professor for the course "ICT applications" (5 credits- in Italian) at the Faculty of Economics - University di Trento, Master Degree in NET-Economy, 2008-2009 • Contract Professor for the course "Human-Computer Interaction" (5 credits – in English) at the Faculty of Economics - University di Trento, Master Degree in NET-Economy, 2009-2010 • Contract Professor for the course "Information Systems and ICTs" (6 credits– in English) at the Faculty of Economics - University di Trento, European Master in Business Studies, 2009-2010 • Contract Professor for the course "Computer Science for Communication Science" (5 credits – in English) at the Faculty of Education of the Free University of Bozen, 2008-2009 • Contract Professor for the course "Network Programming" (6 credits – in Italian) by the Faculty of Engineering of the University of Trento, 2009-2010 • Corporate training on Project Management (methodologies and tools) by different multinational corporations, Public administrations and italian companies (ENAV, Università Cattolica, Luxottica, Festo, Breton, Provincia Autonoma di Trento, Girpa) • Course "Project Management for small-medium Enterprises" Trento, May - November 2009 (80hours) • Course "Dematerialization of documents", Master in Law and Management of Public Administrations, Trento School of Management, June 2009 (16hours) • Course "Human-Computer Interaction for Web applications" Struttura Informatica Srl, Bologna, september 2009 (16hours) • Course "Project Management" inside the Master "TERRA. Territorio, risorse ruoli in azione", Accademia d'Impresa – Trento, July 2009 (12hours) • Course "Software Design and UML standard 2.0", Struttura Informatica Srl, Bologna, July 2009 (24hours) • Course "Tools and techinques for e-learning" at the High School "A.Tambosi" april-may 2009 (10hours)
2008	• Contract Professor for the course "Network Programming" (6 credits – in Italian) by the Faculty of Engineering of the University of Trento, 2008-2009 • Contract Professor for the course "Information Systems" (6 credits) at the Faculty of Engineering of the University of Trento, 2007-2008 • Contract Professor for the course "Information Systems and ICT" (5 credits – in English) at the Faculty of Education of the Free University of Bozen, 2008-2009 • Contract Professor for the course "Human-Computer Interaction" (5 credits – in English) at the Faculty of Economics - University di Trento, Master Degree in NET-Economy, 2008-2009 • Contract Professor for the course "Computer Science for Communication Science" (5 credits – in English) at the Faculty of Education of the Free University of Bozen, 2007-2008 • Contract Professor for the course "ICT applications" (5 credits- in Italian) at the Faculty of Economics - University di Trento, Master Degree in NET-Economy, 2008-2009 • Contract Professor for the course "Information Systems and ICTs" (6 credits– in English) at the Faculty of Economics - University di Trento, European Master in Business Studies, 2008-2009 • Corporate training on Project Management (methodologies and tools) by different multinational corporations, Public administrations and italian companies (ENAV, Università Cattolica, Luxottica, Festo, Breton, Provincia Autonoma di Trento, Girpa) • Corporate Training of Software Engineering and Project Management (methodologies and tools), Diebold SPA,

	Ivrea . Italy (16hours) • Training by the Province of Florence for top management on “Technological Innovation and optimization of processes”– Galgano Group (16 hours)
2007	• Contract Professor for the course “Information Systems and ICTs” (6 credits– in English) at the Faculty of Economics - University di Trento, European Master in Business Studies, 2007-2008 • Contract Professor for the course “Human-Computer Interaction” (5 credits – in English) at the Faculty of Economics - University di Trento, Master Degree in NET-Economy, 2007-2008 • Contract Professor for the course “Information Systems” (6 credits) at the Faculty of Engineering of the University of Trento. 2006-2007 • Contract Professor for the course “ICT applications” (5 credits- in Italian) at the Faculty of Economics - University di Trento, Master Degree in NET-Economy, 2006-2007 • Contract Professor for the course “Network Programming” (6 credits – in Italian) by the Faculty of Engineering of the University of Trento, 2007-2008 • Training on advanced development tecqniques in ASP.NET for the development team of the University of Bozen • Contract Professor for the course “Human-Computer Interaction” (5 credits – in English) at the Faculty of Economics - University di Trento, Master Degree in NET-Economy, 2007-2008 • Corporate training on Project Management (methodologies and tools) by different multinational corporations, Public administrations and italian companies (Glaxo, Luxottica, Festo, Magneti Marelli, Breton, Honyvem, PoolEngineering, Girpa, vari Dipartimenti della Provincia Autonoma di Trento) • Trainig for Internet and Communication referees of Verona Municipality– Galgano Group
2006	• Contract Professor for the course “Human-Computer Interaction” (5 credits – in English) at the Faculty of Economics - University di Trento, Master Degree in NET-Economy, 2006-2007 • Contract Professor for the course “Network Programming” (6 credits – in Italian) by the Faculty of Engineering of the University of Trento,2006-2007 • Contract Professor for the course “Internet Technologies 1” (6 credits – in English) at the Faculty of Computer Science, 2006-2007 • Contract Professor for the course “Didactics in Informatics” (5 credits – in English) at the University of San Thomas, Maputo, Mozambic • Contract Professor for the course “Information Systems” (6 credits) at the Faculty of Engineering of the University of Trento, 2005-2006 • Contract Professor for the course “Human Computer Interaction” (4 credits – in English) at the Faculty of Computer Science, 2005-2006 • Contract Professor for the course “Advanced Operating Environments” (4 credits – in English) at the Faculty of Computer Science, 2005-2006 • Contract Professor for the course “ICT applications” (5 credits- in Italian) at the Faculty of Economics - University di Trento, Master Degree in NET-Economy, 2005-2006 • Scientific responsible and teacher in the modules “Internet and Information Technologies” in the educational path funded by EU “F.I.DATI - Formazione all’Informatizzazione dei Dati. PerCourse per la diffusione dell’informatizzazione della cartella sanitaria – assistenziale”, for ICT referees of the nursing homes of the Autonomous Province of Trento (60h) • Corporate training on “Datawarehouse, Datamining e Analisi dei Dati” by Struttura Informatica, Bologna (24h) • Corporate Training on “Workflow and Business Process Modeling tools” by Struttura Informatica, Bologna (16h) • Training about Internet Marketing for BSI Fiere in the context of EU funded courses ref. 2005_D1.32B.1-A1-PMI-10 • Corporate training on Project Management (methodologies and tools) by different multinational corporations, Public administrations and italian companies (Glaxo, Festo, Magneti Marelli, Breton, vari Dipartimenti della Provincia Autonoma di Trento)
2005	• Contract Professor for the course “Network Programming” (6 credits – in Italian) by the Faculty of Engineering of the University of Trento, 2005-2006

	• Contract Professor for the course “Internet Technologies 1” (6 credits – in English) at the Faculty of Computer Science, 2006-2007 • Contract Professor for the course “Information Systems” (6 credits) at the Faculty of Engineering of the University of Trento, 2005-2006 • Contract Professor for the course “Human Computer Interaction” (4 credits – in English) at the Faculty of Computer Science, 2005-2006 • Contract Professor for the course “Advanced Operating Environments” (4 credits – in English) at the Faculty of Computer Science, 2005-2006 • Contract Professor for the course “Human-Computer Interaction” (5 credits – in English) at the Faculty of Economics - University di Trento, Master Degree in NET-Economy, 2005-2006 • Contract Professor for the course “Information Systems” (6 credits) at the Faculty of Engineering of the University of Trento, 2004-2005 • Course “Project management” in the master degree of the Trento School of Management - Trento: “Consulente d’impresa tra integrazione dei servizi e telelavoro” (40h) • Module “Project management” in the following master degrees offered by the Istituto Regionale di Studi e Ricerca Sociale, Trento: “Master in gestione dei servizi”, “Master in Assistive Technology and Disability management”, “Master in competenze per la governance dei servizi” (28h) • Course “Internet Marketing” for the “Università Popolare di Trento” in the course “La vendita di prodotti assicurativi tramite Internet: un’evoluzione della professione nel comparto assicurativo” (40h) • Course “Internet Marketing” for the “Università Popolare di Trento” in the course “Tecnologie abilitanti per le reti territoriali” (16h) • Corporate training on Project Management (methodologies and tools) by different multinational corporations, Public administrations and italian companies (Provincia Autonoma di Trento, Università di Trento)
2004	• Contract Professor for the course “Internet Technologies 1” (6 credits – in English) at the Faculty of Computer Science, 2006-2007 • Contract Professor for the course “Information Systems” (6 credits) at the Faculty of Engineering of the University of Trento, 2004-2005 • Contract Professor for the course “Network Programming” (6 credits) by the Faculty of Engineering of the University of Trento,2004-2005 • Contract Professor for the course “Information Systems - Labs” (3 credits) at the Faculty of Engineering of the University of Trento, 2003-2004 • Contract Professor for the module “Internet Marketing” (3 credits) in the course “Marketing E-commerce”, at the Faculty of Economics - University di Trento, Master Degree in NET-Economy, 2004-2005 • Contract Professor for the course “Telecommunication” (5 credits – in English) at the Faculty of Economics - University di Trento, Master Degree in NET-Economy, 2004-2005 • Scientific coordinator for the “Computer Science” area in the following master degree offered by Trento School of Management - Trento: Master QSA - Esperto nell’integrazione dei sistemi qualità, sicurezza, ambiente • Scientific coordinator for the “Computer Science” area in the following master degree offered by the Academy of Enterprises” Trento “Learning and Training Processes”, within the European Project “SAVE” • Scientific coordinator for the “Computer Science” area in the following master degree offered by the Academy of Enterprises” Trento “Master in Network and Relationship Management”, within the European Project “SAVE” • Course “Information Technology, Virtual communities and Project Management” for the master degree “Master in Network and Relationship Management”, within the european project “SAVE” by the Academy of Enterprises, Trento (68h face-to-face, 40h at distance) • Course “Information Technology, Virtual communities and Project Management” for the master degree “Learning and Training Processes”, within the european project “SAVE” by the Academy of Enterprises, Trento (60h face-to-face, 40h at distance • Course “Internet technologies and web marketing” inside the master degree “Esperto nella gestione dell’impresa artigiana” offered by the Academy of Commerce and Tourism, Trento(Italy) (28h)

2003	• Contract Professor for the course “Man-Machine Interaction” (6 credits – in English) by the Faculty of Engineering of the University of Trento,2003-2004 • Contract Professor for the course “Network Programming” (6 credits – in Italian) by the Faculty of Engineering of the University of Trento,2003-2004 • Contract Professor for the course “Information Systems - Labs” (3 credits) at the Faculty of Engineering of the University of Trento, 2003-2004 • Contract Professor for the course “Telecommunication” (5 credits – in English) at the Faculty of Economics - University di Trento, Master Degree in NET-Economy, 2003-2004 • Contract Professor for the module “Internet Marketing” (3 credits) in the course “Marketing E-commerce”, at the Faculty of Economics - University di Trento, Master Degree in NET-Economy, 2003-2004 • Course “Database Management System on Oracle platform and DBMS advanced programming (PL/SQL)” organized by the University of Trento for Sodalia SpA (Telecom Italia) (20h) • Course “Project Management” within the Master degree “Master in management per i servizi alla persona” for the Istituto Regionale di Studi e Ricerca Sociale, Trento (28h) • Course “Project Management” within the Master degree “Master per la direzione nei servizi alla persona” for the Istituto Regionale di Studi e Ricerca Sociale, Trento (28h) • Course “Telecommunication and computer networks” within the Master “IC management for corporate integration and innovation” Academy of Commerce and Tourism, Trento (48h) • Course “Information & Communication Technologies” inside the master “Manager della progettazione e vendita delle forme di offerta turistica negli ambiti locali trentini attività” offered by the Academy of Commerce and Tourism, Trento (28h) • Courses within the master degree “Information and Communication Technologies” offered by the ’International Institute for Advanced Scientific Studies (IIASS), Vietri, Salerno (Italy), for a total of 40h: - “Analysis and Design of Database” - “Distributed Database” - “Datawarehouse and Datamining” • Project Manager and teacher in the distance education project “Advanced usage of office automation tools” held by the University of Trento, Department of Computer and Management Sciences in partnership with Unione Provinciale Istituzioni per l’Assistenza, Trento (80h)
2002	• Contract Professor for the course “Network Programming” (6 credits – in Italian) by the Faculty of Engineering of the University of Trento, 2002-2003 • Contract Professor for the course “Information Systems - Labs” (3 credits) at the Faculty of Engineering of the University of Trento, 2001-2002 • Contract Professor for the course “Telecommunication” (5 credits – in English) at the Faculty of Economics - University di Trento, Master Degree in NET-Economy, 2002-2003 • Course “Database Management System” for managers and responsibles, organized by the University of Trento for Sodalia SpA (Telecom Italia) (28h) • Course “Internet Marketing” within the master degree “Master in Marketing Management” offered by the Academy of Commerce and Tourism, Trento(Italy) (36h) • Course “Project Management” within the master degree “Master in Marketing Management” offered by the Academy of Commerce and Tourism, Trento(Italy) (20h) • Course “Internet Marketing” within the master degree “Management for E-business” offered by the Academy of Commerce and Tourism, Trento(Italy) (20h) • Courses of ICT introduction within the EU-funded project “It’s never too late”, devoted to 55+ old people, organized by the University of Trento (Department of Computer and management sciences) together with Diagonal - Trento (120h) • Courses within the master degree “Information and Communication Technologies” offered by the ’International Institute for Advanced Scientific Studies (IIASS), Vietri, Salerno (Italy), for a total of 40h: - “Analysis and Design of Database”

	- "Distributed Database" - "Datawarehouse and Datamining"
2001	• Contract professor for the course "Advanced Information Systems" (6 credits) at the Faculty of Engineering – University of Trento. 2000-2001 • Contract Professor for the course "C Programming" (6 credits) by the Faculty of Engineering, 2001-2002 • Module "Project Management for software engineering", within the course "Software Engineering", Faculty of Engineering, University of Trento, (8h) 2000-2001 • Course "Internet Marketing" within the master degree "Master in Marketing Management" offered by the Academy of Commerce and Tourism, Trento(Italy) (24h) • Course "Project Management" within the master degree "Master in Marketing Management" offered by the Academy of Commerce and Tourism, Trento(Italy) (20h) • Course "ICT management of hospital Information systems" for managers of the healthcare authority of Padova and Vicenza provinces, by CUOA Foundation, (Vicenza, Italy) (32h) • Course "Internet Marketing and web technologies" within the Master degree "Management for l'E-business" offered by the Academy of Commerce and Tourism, Trento(Italy) (64 h) •
2000	• Contract professor for the course "Advanced Information Systems" (6 credits) at the Faculty of Engineering – University of Trento. 1999-2000 • Contract professor for the course "Industrial Automation" (6 credits) at the Faculty of Engineering – University of Trento. 1999-2000 • Module "Internet Marketing" (2 credits) withing the course "Marketing" of the Faculty of Econmics University of Trento, 1999-2000 • Course "Utilizzo di Internet come strumento strategico per le PMI", Academy of Commerce and Tourism of Trento, Master in "Master in Business Administration (MBA), (24 h) • Course "Strumenti di supporto alle decisioni e office automation", Academy of Commerce and Tourism of Trento, Master in "Master in Tourism Marketing (MTM), (32 h) • Course "Strumenti di Office Automation per il supporto alle decisioni", Academy of Commerce and Tourism of Trento, Master "New technologies" (30 h) • Scientific coordinator and teacher in the area "Project Management" inside the master "Web Project Manager", Scuola Formazione e Servizi, Autonomous Province of Bolzano (40 h) • Course "Internet, web e marketing", Academy of Commerce and Tourism of Trento, Master in "Master in Marketing and Services" (MMS), (28 h) • Course "Progettazione di DataBase e utilizzo dei DBMS" , Academy of Commerce and Tourism of Trento, Master in "New technologies" (68 h) • Scientific Coordinator and teacher in the area "ICT and Internet " in the master "Assistant Marketing Manager", Academy of Commerce and Tourism of Trento, (20 h) • Scientific Coordinator and teacher in the area "ICT e Internet " in the master "Addetto allo sviluppo di sistemi informativi aziendali Internet e Intranet oriented" , Academy of Commerce and Tourism of Trento, Master in (184 h) • Courses within the master degree "Information and Communication Technologies" offered by the 'International Institute for Advanced Scientific Studies (IIASS), Vietri, Salerno (Italy), for a total of 40h: - "Analysis and Design of Database" - "Distributed Database" - "Datawarehouse and Datamining"
1999	• Contract professor for the course "Advanced Information Systems" (6 credits) at the Faculty of Engineering – University of Trento. 1998-1999 • Contract professor for the course "Industrial Automation" (6 credits) at the Faculty of Engineering – University of Trento. 1998-1999 • Module "Internet Marketing" (2 credits) withing the course "Marketing" of the Faculty of Econmics University of

	Trento, 1998-1999 • Course “Internet e distance learning”, retraining course for high-schools managers of the Autonomous Province of Trento, organized by the University of Trento (24 h) • Course “Internet, web e marketing”, Academy of Commerce and Tourism of Trento, Master in “Master in Marketing of Services” (MMS), (34 h) • Course "Internet publishing" for italian SMEs by CUOA Foundation, University Centre for Management and Organizations (Vicenza, Italy) (24 h). • Courses devoted to SMEs management by the CUOA Foundation, University Centre for Management and Organizations (Vicenza, Italy) on the strategic use of Internet for e-business, within the scope of the SENSE european project. (48 h) • Coordinator of the area “Information and Communication Technologies” of master courses offered by the Academy of Commerce and Tourism of Trento • teacher of course “ICT e Internet” in the master “Development of Internet and Intranet Information Systems ”, Academy of Commerce and Tourism of Trento (112 h) • Course “Usage of Internet a strategic tool for SMEs”, Academy of Commerce and Tourism of Trento in the master “Master in Business Administration (MBA), (24 h) • Course “Tools for Decision Support Systems and office automation”, Academy of Commerce and Tourism of Trento in the master “Master in Tourism Marketing (MTM), (32 h) • Courses within the master degree “Information and Communication Technologies” offered by the ’International Institute for Advanced Scientific Studies (IIASS), Vietri, Salerno (Italy), for a total of 40h: - “Analysis and Design of Database” - “Distributed Database” - “Datawarehouse and Datamining”
1998	• Contract professor for the course “Advanced Information Systems” (6 credits) at the Faculty of Engineering – University of Trento. 1997-1998 • Contract professor for the course “Industrial Automation” (6 credits) at the Faculty of Engineering – University of Trento. 1997-1998 • Module “Internet Marketing” (2 credits) withing the course “Marketing” of the Faculty of Econmics University of Trento, 1997-1998 • Coordinator for the area “Information and Communication Technologies” in masters organized by the Academy of Comerce and Tourism, Trento • Courses devoted to SMEs management by the CUOA Foundation, University Centre for Management and Organizations (Vicenza, Italy) on the strategic use of Internet for e-business, within the scope of the SENSE european project. (48 h) • Teacher for courses “Internet”, “Relational Database Design” e “Information Systems” in the master “Esperte nella progettazione, nello sviluppo e nella manutenzione di sistemi di supporto alle decisioni territoriali”, organized by the Laboratory of Engineer and Computer Science, Dept. of Computer and Management Sciences, University of Trento (108 h) • Course “Usage of Internet a strategic tool for SMEs”, Academy of Commerce and Tourism of Trento in the master “Master in Business Administration (MBA), (24 h) • Course “Tools for Decision Support Systems and office automation”, Academy of Commerce and Tourism of Trento in the master “Master in Tourism Marketing (MTM), (32 h)
1997	• Contract professor for the course “Advanced Information Systems” (6 credits) at the Faculty of Engineering – University of Trento. 1996-1997 • Contract professor for the course “Industrial Automation” (6 credits) at the Faculty of Engineering – University of Trento. 1996-1997 • Module “Data Model for Information Retrieval System” (2 credits) withing the course “Database” by the Faculty of Economics, University of Trento,. 1996-1997 • Course “Usage of Internet a strategic tool for SMEs”, Academy of Commerce and Tourism of Trento in the

	master “Master in Business Administration (MBA), (24 h) • Course “Tools for Decision Support Systems and office automation”, Academy of Commerce and Tourism of Trento in the master “Master in Tourism Marketing (MTM), (32 h) • Coordinator for the area “Information and Communication Technologies” in masters organized by the Academy of Comerce and Tourism, Trento • Course “Unix programming” e “Database Design”, organized by the University of Trento for new employees of SODALIA S.p.A. - Telecom Italia (40 h) • Teacher for courses “Internet”, “Relational Database Design” e “Information Systems” in the master “Esperte nella progettazione, nello sviluppo e nella manutenzione di sistemi di supporto alle decisioni territoriali”, organized by the Laboratory of Engineer and Computer Science, Dept. of Computer and Management Sciences, University of Trento (184 h)
1996	• Contract professor for the course “Advanced Information Systems” (6 credits) at the Faculty of Engineering – University of Trento. 1995-1996 • Contract professor for the course “Industrial Automation” (6 credits) at the Faculty of Engineering – University of Trento. 1995-1996 • Module “Data Model for Information Retrieval System” (2 credits) withing the course “Database” by the Faculty of Economics, University of Trento,. 1995-1996 • Course “Unix programming” e “Database design”, organizzato dall’Università di Trento per i nuovi assunti di SODALIA S.p.A. -Gruppo Telecom Italia (totale 40 h) • Scientific coordinator of the ICT area and teaching activities (80 h) in post-degree master of the Laboratory of Engineer and Computer Science, Dept. of Computer and Management Sciences, University of Trento
1995	• Contract professor for the course “Advanced Information Systems” (6 credits) at the Faculty of Engineering – University of Trento. 1994-1995 • Contract professor for the course “Industrial Automation” (6 credits) at the Faculty of Engineering – University of Trento. 1994-1995 • Module “Data Model for Information Retrieval System” (2 credits) withing the course “Database” by the Faculty of Economics, University of Trento,. 1994-1995 • Course “Unix programming” e “Database design”, organizzato dall’Università di Trento per i nuovi assunti di SODALIA S.p.A. -Gruppo Telecom Italia (totale 40 h) • Scientific coordinator of the ICT area and teaching activities (80 h) in post-degree master of the Laboratory of Engineer and Computer Science, Dept. of Computer and Management Sciences, University of Trento

since 1994	• Supervisor of approx. 10 thesis every year by
	  ○ Faculty of Economics - University of Trento
	  ○ Faculty of Engineer - University of Trento
	  ○ Faculty of Computer Science - University of Bolzano (since 2003)
	  ○ Faculty of Education - University of Bolzano (since 2008)
	  ○ Abo Akademy - University of Turku (Finland) (since 2008)

1994	• Contract professor for the course “Industrial Automation” (6 credits) at the Faculty of Engineering – University of Trento. 1994-1995 • Scientific coordinator of the ICT area and teaching activities (84 h) in post-degree master of the Laboratory of Engineer and Computer Science, Dept. of Computer and Management Sciences, University of Trento • Assignment of "Senior Lecturer" for the course “Principles of Computer Science” by the Faculty of Economics, University of Trento
1993	• Contract Professor for the course “Computer systems” (8 credits) for the Consorzio Universitario a Distanza of the Faculty of Economics of Trento (1993-1994 • Course “Database Programming in IBM OS/2” by the Dept. of Computer and Management Sciences, University of Trento (40 h) • Assignment of "Senior Lecturer" for the course “Principles of Computer Science” by the Faculty of Economics, University of Trento

	• Assignment of "Senior Lecturer" for the course “Data Processing Systems” by the Faculty of Economics, University of Trento • Tutorship Assignment for the courses "Information Systems" and "Databases" by the Faculty of Engineer and the Faculty of Economics (40 h)
1992	• Contract Professor for the course “Computer systems” (8 credits) for the Consorzio Universitario a Distanza of the Faculty of Economics of Trento 1992-1993 • Course “Database Programming in IBM OS/2” by the Dept. of Computer and Management Sciences, University of Trento (40 h) • Assignment of "Senior Lecturer" for the course “Principles of Computer Science” by the Faculty of Economics, University of Trento • Assignment of "Senior Lecturer" for the course “Data Processing Systems” and "Computer Networks" by the Faculty of Economics, University of Trento • Tutorship Assignment for the courses "Information Systems" and "Databases" by the Faculty of Engineer and the Faculty of Economics (40 h)
1991	• Contract Professor for the course “Computer systems” (8 credits) for the Consorzio Universitario a Distanza of the Faculty of Economics of Trento, 1991-1992 • Course di “programmazione di Database in ambiente OS/2” tenuto presso il Dipartimento di Informatica e Studi Aziendali dell’Università di Trento (40 h) • Assignment of "Senior Lecturer" for the course “Data Processing Systems” and "Computer Networks" by the Faculty of Economics, University of Trento • Contract of Tutorship at the Faculty of Engineering and at the Faculty of Economics for the courses “Sistemi Informativi” e “Database” (40h) a.a 1991-1992
1990	• Contract Professor for the course “Computer systems” (8 credits) for the Consorzio Universitario a Distanza of the Faculty of Economics of Trento, 1990-1991 • Assignment of "Senior Lecturer" for the course “Data Processing Systems” and "Computer Networks" by the Faculty of Economics, University of Trento • Course “Office Automation” for the employees of the Regione Trentino Alto Adige (120h) • Contract of Tutorship at the Faculty of Engineering and at the Faculty of Economics for the courses “Sistemi Informativi” e “Database” (40h) a.a 1990-1991
1989	• Contract of Tutorship at the Faculty of Engineering and at the Faculty of Economics for the courses “Sistemi Informativi” e “Database” (40h) 1989-1990 • Course of "Programming Techniques for Information Retrieval Systems" for the salesforce of FFB Electronics (Scotland, UK) (60 h)
1988	• Course of “Information Retrieval design and programming techniques”, FFB Electronics (Scotland, UK) (60h)
1987	• Courses for high school teachers (40h): - Computer usage in didactics - Teaching programming languages - Advanced office automation tools
1986	• Courses for high school teachers (40h): - Computer usage in didactics - Teaching programming languages - Advanced office automation tools
1985	• Courses for high school teachers (40h): - Computer usage in didactics - Teaching programming languages - Advanced office automation tools

Publications

Steering / Program committee for journals and conferences

- Charter Member of the Italian Society for E-learning
- Member of the Editorial Review Board of International Journal on E-Learning
- Member of the International Review Panel for the International World Conference on Mobile Learning
- Member of the IASTED Technical Committee on Education
- Member of the International Program Committee of the International Conference on Distributed Multimedia Systems / Distance Education Technologies
- Member of the International Program Committee (IPC) for the International Conference on Technology for Education
- Member of the International Program Committee (IPC) for the International Conference on Computers and Advanced Technology in Education
- Member of the Technical Committee for ACIT-Software Engineering
- Member of the International Program Committee (IPC) for the International Conference on Web-based Education
- Member of the International Program Committee for the International Symposium on Multimedia – Applications and Processing
- Member of the Scientific Board of the International Conference "Open Culture: accessing and sharing knowledge"
- member of the Advisory Committee of AARCE, African Regional Conference on Engineering Education
- member of the Program Committee of the annual Italian Association for Computer Science conference AICA and DIDAMATICA

Referee for scientific journals/conferences
