Declaration of value

In order to carry out pre-enrolment and then enrolment procedures, non-EU citizens resident in Italy who have achieved their qualifications abroad have to have a declaration of value that states that their qualification corresponds to that required for admission to the degree course selected.

This declaration of value can be obtained from an Italian embassy or consulate in the candidate's home country. This certificate confirms that the qualification obtained at secondary school (for admission to undergraduate degree courses) or the university degree (for admission to postgraduate courses) by the candidate would allow him/her to be admitted to higher education in the country in which the qualifications were achieved.
