

## Questionnaire for the consultation of the stakeholders of the PhD programme

<b>Title:</b>	
Faculty/Location	
First activation cycle	
Expected duration	
Type of PhD	
locations/consortium partners	
Planned curricula	
Coordinator	
Person responsible for Quality Assurance in the Phd Programme	

We would like to ask you a few questions to gather information that will allow us to develop an educational proposal aligned with current challenges at the cultural, scientific, and technological levels—both in the productive sector and in society at large. To this end, you will find attached a summary document of the PhD programme, which includes information on the program's structure, the composition of the lecturer's committee, the teaching and research objectives, the types of activities carried out, as well as some data on current and former doctoral candidates and graduates.

Consulted organisation	
Location	
Name and Surname	
Role within the organisation	
Date
